Sustainability Highlights

Sustainability Explanation

Lining Recycled
The lining is the improved Bata Cool Comfort®+ with 65% GRS recycled polyester. The recycled polyester is post-consumer and combined with virgin polyester.

ISO 14021:2016
The material passport includes criteria for self-declared environmental claims in line with EN ISO 14021:2016.

Leather audited- LWG
By purchasing this product, you are supporting responsible leather manufacturing via the Leather Working Group, which certifies tanneries based on their environmental performance.

GRS
Standard that verifies the presence and amount of recycled material in fabrics and tracks the flow of raw materials from source to finished product.
